MICHIGAN-BASED McGRAW WENTWORTH NAMED TO INC. 5000 FOR FIFTH CONSECUTIVE YEAR

Inc 5000 Honor Roll showcases companies that have made the list since 2007 launch

Troy, Michigan... *Inc. Magazine* named Michigan-based employee group benefits firm McGrawWentworth as one of the nation's fastest growing private companies for the fifth consecutive year. The 2011 Inc. 5000 ranks U.S.-based, privately held, for-profit, independent firms based upon their percentage revenue growth from 2007 to 2010. In addition to recognizing growth in specific industries and regions, *Inc.* also published an Honor Roll, highlighting organizations that were named to the Inc. 5000 for five consecutive years since its launch in 2007.

Items of note regarding McGrawWentworth's inclusion in the 2011 Inc 5000:

- With 15 percent revenue growth from 2007 to 2010, the company is number 4600 on the list
- McGrawWentworth ranks 57th nationwide amongst the fastest growing privately-owned insurance firms
- The firm ranks 65th amongst the 76 Metro Detroit companies and 106th amongst the 124 Michigan companies named to the list

McGrawWentworth's founders attribute the firm's consistent annual growth to the expertise and dedication of their employees.

“The past three years have been challenging, to say the least, with the changes in the economic environment and the passage of Health Care Reform in 2010,” remarked Thomas P. McGraw, principal and president. “We have not only survived but thrived in this environment thanks to our talented team: they have an unrelenting commitment to providing our clients with exceptional service and insight during a time in which it has been needed most.”

“We are proud to be named to the Inc 5000 Honor Roll,” added William D. Wentworth, principal and vice president. “We continue to grow responsibly, proactively adding to our staff and investing in the resources and tools they require. In doing so, we have remained true to our mission of providing mid-size organizations with the depth and breadth of service and expertise previously only available to larger organizations.”
